Dear Sir,

Greetings from Yakult!!

Thank you for showing interest in Yakult Factory Tour. In reference to your request, we can plan your visit to the Yakult Factory on **12th & 13th May-2025 at 12:00noon**. We can accommodate 100 students at a time.

There is a protocol that is mandatory to follow for the Yakult factory visit:

- **Cold and cough infected individuals will not be allowed.**

The duration of the session at the factory is approx. 1.5 hrs.

Following are the activities we organize for students in factory:

- Presentation on probiotics, their history and relevance in maintaining good health.
- Watch the production process.
- Q & A

Event Report: Industrial Visit Report: Yakult Danone India Pvt. Ltd., Sonipat, Haryana

Date of Visit: 26th May 2025

Location: Yakult Danone India Pvt. Ltd., Rai Industrial Area, Sonipat, Haryana

Organized by: HIMT College of Pharmacy

Participants: B.Pharm IVth year students

Introduction

A 50:50 joint venture between Group Danone, France, and Yakult Honsha, Japan, is called Yakult Danone India Pvt. Ltd. The company was founded in 2005 and produces probiotic beverages. In 2007, its main product, Yakult, was introduced in India. The Sonipat manufacturing plant is accredited by ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, and HACCP, guaranteeing compliance with global quality and safety requirements.

Objectives of the Visit

- To comprehend the fermentation technique utilized in the production of probiotics;
- To adhere to Quality Control (QC) and Good Manufacturing Practices (GMP) protocols.
- To learn more about the procedures involved in distribution, storage, and packaging.
- To communicate with professionals in the field and learn about job openings in the pharmaceutical and nutraceutical industries.

Visit Highlights

1. Orientation Session:

A lecture outlining Yakult's corporate history, the importance of probiotics, and its global reach kicked off the tour.

2. Tour of the Production Facility: Students were shown the many steps involved in the manufacturing process:

- **Raw Material Handling:** Guaranteeing the quality of components such as glucose and skim milk.
- **Fermentation Unit:** Under regulated circumstances, *Lactobacillus casei* strain Shirota is cultivated.
- **Blending and Mixing:** Making the finished probiotic beverage.
- **Bottle and packaging:** automated procedures that guarantee efficiency and hygienic conditions.
- **Quality Control Laboratory:** Checking for pH equilibrium, shelf life stability, and microbiological contamination.

3. Interactive Session:

Through an interesting Q&A session, students were able to talk about subjects such as probiotics' health advantages, industry employment options, and developments in probiotics and microbiology.

Learning Outcomes

- Acquired practical knowledge of probiotic production processes.
- Understood the importance of quality control and regulatory compliance.
- Gained exposure to advanced manufacturing technologies.
- Developed insights into the role of probiotics in human health.
- Enhanced awareness of career prospects in the nutraceutical and pharmaceutical industries.

Conclusion

Students were exposed to practical applications of their academic knowledge during the industrial visit to Yakult Danone India Pvt. Ltd. Their educational experience was enhanced by seeing how biotechnology is used in food production and comprehending the strict quality standards the company has implemented. By bridging the gap between academic research and real-world business operations, these trips help students get ready for their future careers.
